Summary

UI/UX Designer with three years of experience in Virtual Reality application development. Strong research and development skill. Proficient in standard industry UI design software. Knowledge of HTML5, CSS3, and JavaScript.

Experience

UI/UX Designer

09/2017 - present

Schuco USA / New York, NY

- Responsible for UX research, personas, and user journey for VR and desktop app development.
- Redefine our brand and train team members to elevate our UX design system.
- Build functional prototypes and obtain more funds from investors by showcasing it.
- Collaborate with product manager, programmers, and industrial designers.

Volunteer UI/UX Designer

04/2018 – 11/2018

Efiwe / Telecommute, Edwardsville, IL

- Building an intuitive dashboard for volunteers and librarians working together.
- Established UX design for website developments using an user-centered design approach.
- Completed UI redesign from research, wireframes, low fidelity prototype, usability testing to high-fidelity prototype.

Freelance Graphic Designer

10/2015 – 01/2016

Sany Realty Group / Flushing, NY

- Designed and developed reusable templates for ads, flyers, and social media content.
- Created eye-catching graphics for ads.
- Created stunning infographics and slides for high-end real estate listings to boost sales.

Projects

GreenIt

11/2018 - present

UI/UX Design

- Build an E-commerce website from scratch.
- Collaborating and co-developing with a full stack developer.
- Use modern web development tools to build the website for mobile and desktop.

Foodshare

07/2017 – 11/2017

UI/UX Design

- Took lead as an UI/UX designer for Foodshare mobile/tablet application for iOS and Android.
- Ensured the app fits the users' needs by collecting quantitative data, doing interviews with potential users, creating personas and user journey maps.
